

EXPANSION JOINT
Expansion joint filler.

Type I

NO DEGRADATION IN
CONTACT WITH WATER
OR MOISTURE.

100% Recycled Product
Easy to Handle and Install
Excelent recovery after compression

PRODUCT DESCRIPTION

Recycled PU agglomerate board to expansion joints.

PHYSICAL AND MECHANICAL PROPERTIES

Specific Weight [ISO 7322]: 240 - 350 Kg/m³
Recovery (after 50% of thickness compression) [ASTM D 1752]: ≥ 90%
Compression (load to 50%) [ASTM D 1752]: 0.34 - 10.3MPa
Extrusion (after 50% of thickness compression) [ASTM D 1752]: ≤ 6.4mm
Resistance to boiling in hydrochloric acid [ASTM D 1752]: ≤ 6.4mm

STANDARD DIMENTIONS*

1000 x 500mm x 10m
1000 x 500mm x 15m
1000 x 500mm x 20m
1000 x 500mm x 25m

* Others sizes available upon request
